

TAKE A ROAD TO NOWHERE

INTRODUCING SCENTED CANDLES + VESSEL

Buster + Punch's new scented candle pack, and sculptural solid metal vessel, bring a sensory journey into your home, inspired by the romance of the spontaneous weekender and the open road.

Evoking the memories of journeying through London on a spontaneous escape, the trio of candles trace an aromatic route map. The early morning blossoms of Columbia Road Flower Market are captured, before emerging out into the crisp air and dewy cut grass of the countryside, to finish the journey beside a campfire sharing tall tales with friends.

An adventure from the comfort of your own home, the collection includes floral, sweet and wood aromas, encased in a reusable smoked dark grey glass. For those wanting to elevate the aesthetic experience, the candles can be presented in Buster + Punch's specially-created solid metal Vessel.

The Vessel itself is precision cast from molten metal, and then hand polished with care. Featuring melting wax detailing, positioned to allow the candle's insignia to emerge, it's available in steel and brass.

The Road to Nowhere pack includes:

Road to Nowhere, with notes of orange, leather and warm vanilla.

Columbia Road Flower Market, with notes of sea salt, tuberose and black cedarwood.

Campfire Tales, with notes of oud, patchouli and cinnamon.

Buster + Punch scented candles are available as 220g singles, or pack including all three candles in 75g versions. Each is made from black wax using our own custom handmade fragrances

"I'm obsessed with how our brand feels under touch and wanted to use scent to explore other senses. I used to take trips back in the day, nipping out on my motorbike from the workshop, down through the flower market on Columbia Road and across London towards the coast. It's these aromas and scents we're referencing with the Road to Nowhere collection of scented candles; giving people a little moment of freedom and liberation in their home."
